March 16, 2020

Dear Parents/Guardians,

Our goal is to provide as many quality learning resources as possible while students continue to learn from home. Sodus Central School District has a number of high-quality digital resources that are immediately available for student access on any device. In preparation for the increase of digital use in the classrooms, one of the digital tools that the district purchased to assist student login of various programs is known as ClassLink.

When students log in to ClassLink, they will also be able to log in to many of the district programs found on their student dashboard. This can be accessed on the school website, www.soduscscsd.org or by going directly to the Sodus ClassLink homepage at <https://launchpad.classlink.com/soduscscsd> . Please use the included username and password to access the site.

Once you arrive at the dashboard, students have access to a variety of sites: i-Ready, Teach Your Monster to Read, the ES FunLinks page, Splashlearn, Reflex Math, iXL, among others. In addition to the ClassLink dashboard, your child can always access educational resources through our school's website at www.soduscscsd.org. There are MANY resources that students can access through the Online Library Resources link on the Intermediate Library page of our website. In the event that we have an extended closure, we will use both robo-calls and emails to notify parents of additional work that will be posted to our website and mailed home.

During this extended closure, we will likely need to continue to send parents information through email, phone calls, and through traditional mail. It is essential that we have updated, accurate contact information in our school data base system (SchoolTool). If any of this information has changed over the year, please call our main office at 483-5206 and give us the corrected contact information.

We would also like to provide you with a guide to digital resources through our Wayne-Finger Lakes School Library System. This information is provided through their smore digital newsletter that will be emailed to all parents.

We understand that not all of our families have access to Wi-Fi in their home. We want to let you know that Spectrum is offering 60 days of internet access for families that are impacted by school closures and do not have access to the internet. You can call 1-844-488-8395 and speak with a representative from Spectrum for more details.

Sincerely,

Mike Sereno
 Elementary Principal

Gene Hoskins
 Intermediate Principal

Tim Padden
 Director of Instructional Technology

Nurtured by the influence of a diverse community, our district is committed to the success of every student. We will support our students in developing the skills and strategies needed to achieve academic excellence and to become respectful, responsible, kind citizens of a global society. We are dedicated to sustaining an environment that fosters a joy for life and continued learning.
