## "Virtual Spirit Week"

March 23 - March 27

Dear Spartan:

We hope this message finds everyone in our Sodus Community well. This is an unprecedented time for our country as our students and teachers do their work at home. As we all adjust to social distancing, we recognize the impact that the extended closure to COVID-19 is having on our students and families. While we cannot gather together as a school community, we can use technology to connect. We thought it would be a moral booster to sponsor a Sodus "Virtual Spirit Week" for all Spartans for next week. In addition to doing school work sent home this week, we want to encourage students, staff members, and other Spartan community members to participate in our Spartan "Virtual Spirit Week" by dressing up with the following daily themes, and sharing pictures or videos with our community by emailing them to Karen Rawden at [krawden@soduscscsd.org](mailto:krawden@soduscscsd.org) to be posted on our District Webpage.
